Project summary and results

The project 'Teacher in Europe - improving professional competences at Zespół Szkół Ogólnokształcących nr 6 in Bydgoszcz' was aimed at the staff of ZSO nr 6 in Bydgoszcz. Our intention was to improve our competences through the mobility activities supported under the Key Action 1.

The objectives of the project were as follows:

- improved quality of teaching,
- better quality of work and activities in favour of our pupils,
- improved foreign language, professional and personal competences of all the employees involved,
- enhanced employability and improved career prospects,
- greater understanding and responsiveness to social, linguistic and cultural diversity,
- increased motivation and satisfaction in everyday work,
- enhancement of international cooperation and development in education.

There were seventeen employees, sixteen teachers and a school accountant, participating in nineteen mobility activities abroad. Foreign languages teachers participated in the following methodology courses:

Maths, IT, Physics, German, Business Studies and Economics and Physical Education teachers as well as the school librarian in charge of our student government and a school accountant improved their English skills during the following mobilities:

Maths and Chemistry teachers attended German language courses:

[&]quot;Formation de coordinateur pédagogique" (CAVILAM Alliance française, Vichy, France)

[&]quot;From Pronunciation to Storytelling: from phonemes to fluency with Adrian Underhill" and

[&]quot;Contemporary English" (Bell Teacher Campus, Homerton College, Cambridge, UK)

[&]quot;Deutsch für Lehrkräfte" (Goethe-Institut, Göttingen, Germany)

"Deutsche Sprache und Kultur" and "Deutsch Naturwissenschaften und Technik" (Albert-Ludwigs-Universität Freiburg, Germany)

English and French teachers improved their Italian and Spanish language skills: "Superintensive+5" (Scuola Leonardo da Vinci, Florence, Italy)

"Curso de Espanol" (Giralda Center, Sevilla, Spain)

The main result of the project is an improved quality of education with a special emphasis on foreign languages teaching. Improved methodological competences of English, German and French teachers as well as improved linguistic competences of all the beneficiaries have been confirmed by Europass Mobility documents. The school has integrated new methods (including ICT) and good practices into its daily activities. Moreover, it has increased its capacity to work at the EU level. Since October 2016 ZSO no. 6 has been coordinating an Erasmus KA2 project entitled: "Richtung:Erfolg! We have also completed two eTwinning projects awarded with Polish and European Quality Labels. "Does the Earth have borders? Migration and Human Rights", an eTwinning project we carried out with partner schools from Italy, Germany, Greece and Tunisia won the Mediterranean Prize in the eTwinning Prizes 2017.

The potential longer term benefits include an increased quality of the school's educational offer, reinforced cooperation with partners from abroad and enhanced intercultural awareness among students and staff.
